## SUMMARY

Dynamic B.Tech student in Computer Science, adept at problem-solving & time management. Student with fast learning & multitasking skills. Proficient in JavaScript, Python, Git, SQL, MongoDB, HTML, CSS, React.js, & Expressjs,bunjs. Eager to contribute to web & backend development.

## EXPERIENCE

### Student Kalvium

August 2023 - Present, Tamil Nadu

- Enthusiastic and dedicated web developer with hands-on experience in both front-end and back-end technologies. Actively contributed to government-backed open-source projects under SAMAGRAX initiative. Demonstrated ability to apply skills in real-world scenarios through a diverse range of personal projects, including e-commerce websites, portfolio websites, and web applications. Proven track record of conceptualizing, designing, and implementing effective solutions.
- Collaborated on open-source projects within the SAMAGRAX initiative, contributing to the enhancement of government services through technology. And you can see my git hub profile for m projects

## PROJECTS

### Space-wars

<https://s-pace-war.netlify.app/>

- Space Wars, my thrilling game project, transports players into two captivating levels of cosmic adventure. In the first level, reminiscent of the classic dino game, players navigate through obstacles and challenges, evoking nostalgia and excitement. Transitioning to the second level, players engage in an adrenaline-pumping mission to click and eliminate invading aliens in the vast expanse of space. With Space Wars, players embark on an immersive journey filled with action, challenge, and excitement, offering an unforgettable gaming experience across multiple dimensions of fun and excitement.

### Chayo

kalvium • <https://chayoo.netlify.app/> • April 2024 -April 2024

- Chayo, my groundbreaking application, incorporates advanced email capabilities for streamlined user registration and OTP verification. This feature guarantees secure account creation and authentication processes, bolstering data security and user confidence. By seamlessly integrating email functionalities, Chayo ensures a smooth and efficient user experience, reflecting attention to detail and a commitment to excellence.

### Amrutham

<https://amrutha-vilas.netlify.app/> • January 2024 -April 2024

- Amrutham, my latest endeavor, harmoniously combines React to offer users a captivating culinary journey. Through Amrutham, users can delve into a vast collection of food recipes and explore a wide array of available dishes. This platform not only serves as a hub for culinary enthusiasts but also provides a seamless and immersive experience, making the discovery and enjoyment of delicious recipes and dishes a delightful endeavor.

## EDUCATION
